

Sneaton Castle Centre  
Whitby  
North Yorkshire  
YO21 3QN

## FREE ENTRY

Offshore Wind Farms and a proposed new potash mine on the North Yorkshire Coast have the potential to create thousands of new jobs.

Scarborough Borough Council are hosting this awareness raising event aimed at professionals in schools, colleges, universities, careers services and other training providers across North Yorkshire and East Riding.

The purpose of the event is to advise education and training institutions of:

- the development of offshore wind farms and the new potash mining project
- the scale and breadth of potential career opportunities and the skills these industries will require.
- how to prepare young people for these opportunities.

Speakers will include representatives from:

- The Crown Estate
- Forewind (developer of wind farm at Dogger Bank)
- Mainstream Renewables (developer of wind farm at Hornsea)
- York Potash
- National Skills Academy for Power

For enquiries and to book your place at this event please contact Kerry Levitt:
